HANDBOOK AGREEMENT and PARENT SUPPORT

I recognize that attendance at Community Christian Academy is a privilege made possible by the support and sacrificial giving of God's people of Community Bible Baptist Church and Community Christian Academy. Each student should be grateful for those who have provided this opportunity for quality Christian education. Parents are expected to cooperate with and support the Academy and its teachers in the education and discipline of their child(ren) both in the classroom and during other related school activities. I recognize that my student(s) are admitted on the basis of their desire and my support for an education in a manner consistent with Christian principles. I understand that enrollment in Community Christian Academy may be lost by any student or parent who is not in harmony with either the rules or the spirit of the Academy. I give permission for my child's teacher and/or other agent of the Academy to make and enforce classroom regulations in a manner consistent with Christian principles.

I agree that I have read the Community Christian Academy Handbook in its entirety and agree to follow the policies and procedures listed for the parents and to hold my child accountable to the policies and procedures listed for the students. Any reference herein to "child" and "student" shall include and refer to all of the children listed, or others to be enrolled in the future.
